Scenes from a Picnic

Chapter 27 held its annual picnic on June 26th under overcast skies and a ceiling too low to allow much flying. Still, about 35 people braved the elements with their cars and made the picnic a rousing success. Fran Uliano, Bob Rouse, Jim Simmons, Jeff Davenport and Mike Zemsta taxied their planes over to the picnic area to add the appropriate aviation ambiance. There was plenty of hanger flying, good food and great company. Many thanks to Alan Ortner for his efforts coordinating another great outing.

Just how tall are those tales?

Lemme tell you what *really* happened...

Dig in folks!

See the country, Fly an Eagle or two... or 100.

Kevin Gustafson, 19 from Seal Beach California, is in the process of flying to all 50 states to raise awareness of EAA's Young Eagles program and create new Young Eagles. He's taking 45 days and hoping to fly at least 2 kids in each state. He was scheduled to land at Brainard Field in Hartford on July 10. He says he's doing this to "see the country, gain valuable flight experience and have the joy of

introducing kids to aviation just like I had when I was only 10 years old." In 1993 Kevin was given a Young Eagles ride in a Cessna 172 Skyhawk by his neighbor Lynn Krogh, and life hasn't been the same since.

In his first seventeen states, he flew 60 Young Eagles. He expects to finish by mid-August. Follow his progress on the web at <http://kidsflight.com/>
